CANNES IN THE SPOTLIGHT

Plenty of accommodation options. The right choice for your team.

Cannes and the surrounding area offer an exceptional range of hotels, resorts and private residences – from luxury hotels on the Croisette to centrally located business hotels and discreet villas in Cannes, Mougins and Théoule-sur-Mer.

When organising your training session, workshop or team retreat, it's not just the star rating that matters. What's important is the right atmosphere, accessibility, spaces for privacy, meeting areas and the way a venue supports your collaborative work.

This brochure serves as inspiration and an initial guide for choosing your accommodation and the setting for your experience. It is important to check the rates applicable at the time of your visit. These vary significantly depending on the season and any conferences or festivals taking place locally.

The selection is current as of August 2026. Room allocations, meeting spaces, seasonal opening times, availability and, in the case of villas in particular, any necessary event permits must be confirmed directly with the relevant provider before making a specific enquiry. The team at benefitIMPACT Cannes will be happy to assist you in finding suitable venues and sharing personal insider tips.
